The experts have finally revealed their top tips to making millions of dollars in property investing. To write this book, Mr. Propwise from www.Propwise.sg, a leading Singapore property blog, went out and interviewed the top gurus on every aspect of property investing, then distilled it down into a 188-page book that is packed with their expert knowledge and wisdom.

Inside *Secrets of Singapore Property Gurus* the nation's foremost property experts share their insights on:

– Προφίταβλε ινβεςτμεντ στρατεγιες φορ τοδαψ σ μαρκετ

- Finding your ideal investment property

- Smart property financing

- Avoiding legal pitfalls and other mistakes

– Ηω το μακε μιλλιονσ φορμ εν βλοχ σαλεσ

Mr. Propwise, troubled by the few good and objective sources of information out there to help the budding property investor, founded www.Propwise.sg in September last year, with the mission to help people understand the real estate market and make better buying, selling, renting and investing decisions – minus all the hype and misinformation.
