Enjoying Mid-Life Without Crisis

\$19.90 \$16.00
You Save: \$3.90

We have often heard our friends/colleagues saying that they are facing a mid-life crisis. What exactly is mid-life crisis?

ï¿½

This book, written by Eileen Tan and Ui Wei Teck, shows you how to optimally manage yourself, family, career and investments for a disaster-free mid-life and retirement.

ï¿½

Many people entering their mid-life are not ready to face the challenges of unexpected changes and lack the life mastery skills to help them deal with the problems that crop up, resulting in the phenomenon known as Mid-Life Crisis.

ï¿½

This book will help you sail through mid-life with little or no crisis by teaching you how to:-

Deal with re-deployment and retrenchment

Discover your unique talent and prepare yourself for a second career

Manage your family relationship harmoniously

Manage your investments and gain financial freedom

Enrich your body, mind and soul to stay happy and healthy

Become a mentor to help others achieve their dreams

Buy, rent and sell your property successfully

i ½

This book is essential reading for anyone in their twenties or older. Read it to get started on your journey towards a happy, successful life and be well prepared for an early retirement!

i ½

The authors, Eileen Tan and Ui Wei Teck have achieved success in real estate and stock investments and are keen to share their knowledge and spread financial literacy. They are also the trainers for the 'Secrets to Making Money in Properties' Seminar at MasterYourFinance.Com.
